

Getting Started

Stipend Students – Research Experience (eg, CREMS, IMS)

Who are Stipend Students? A stipend student is a student (undergraduate or graduate) that is registered in a formal Research Experience program which pays a stipend amount. Stipend students are not Graduate Students or Co-Op Students.

Steps: Stipend Student Registration

Activate UHT Email – you will receive an email with instructions after you complete registration

Part 1: Online Registration

	Visit <u>https://students.unityhealth.to/public/login</u> to get started! Please note that the term 'student' is set in the system. If you're not a student, this language still applies if you're a research registrant.
Create an	Scroll down to <i>New Student? Register here!</i> and click on register. Make sure to register using your personal or University email (do not use your Unity Health Toronto email!).
Account	Verify your email address: check your inbox for a verification link.
	Fill in your <u>basic information</u> , <u>local address</u> , <u>emergency contact</u> and click on agree after you have read the code of conduct and privacy and confidentiality agreement.
	Click on MY PLACEMENTS on the left menu. Click on create placement at the top of the page.
	Please note once you click submit; you will not be able to edit any of the information in this section.
	Modify Site/Student Type
	Select Select or St. Joseph's. Under student type, select research. Code of conduct policy schedule A will appear, select Agree. Review the privacy and confidentiality agreement and select
IVIY	Agree.
Discoments	For recorded title, calent Chinesed Chudente, Currenticen
Placements	For research title, select Stipend Students. <u>Supervisor</u>

Placement Information

Fill in your start and estimated end date (please check with your supervisor prior to filling in these dates.

Placement Conflicts of Interest

Please answer these two questions listed in this section and click on submit.

Tuberculin Skin Testing: Documentation of a two (2) step TB skin test is **required**. This consists of one TST followed by a second TST (if the first was negative) at any time from 1 week to 1 year later. The two-step protocol needs to be performed ONCE only if properly performed and documented. It never needs to be repeated. If the negative two step was not completed within the last 12 months, an annual one step must be completed.
